

BDIAP BITESIZE VIRTUAL WORKSHOP SERIES

DR NAFISA WILKINSON

A DIAGNOSTIC APPROACH TO OVARIAN TUMOURS

25th JANUARY 2023

15.30 - 17.00

The BDIAP Virtual Workshop series is designed to connect trainees and consultants with **world-renowned histopathologists** through interactive educational slide seminars

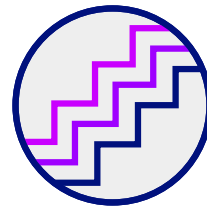

Dr Nafisa Wilkinson is a recently retired consultant in gynaecological pathology whose clinical and research interests encompass the pathophysiology of ovarian and endometrial cancers, as well as mesenchymal tumours of the uterus. She is the editor of Pathology of the Ovary, Fallopian tube and Peritoneum (Springer), new edition out early next year. In addition to her extensive clinical and academic experience across Leeds and London, she has been involved in national and international teaching.

Interactive case-based discussion centred around digital slide sets

Contribute your thoughts; ask and answer questions throughout the session

Cases perfectly suited to trainees in histopathology (ST2-5+). Consultants also invited to attend.
