

BDIAP Molecular Pathology and Approach to Cut-Up Study Days

We would really appreciate a short report of your attendance at the above meeting. These awards have been made available to you through the generosity of the membership of the British Division of the International Academy of Pathology (BDIAP).

The report that you write following completion of your attendance at the study day, is very important to the BDIAP as they inform the membership of the bursaries that are awarded and the outcome of the awards. It also helps inform us in the organisation of future meetings. We would therefore be most grateful if you could please send your report along the lines of the skeleton provided below. **A paragraph of A4 would be perfect.**

- Name:
- Training year (ST if based in the UK)/Job role:
- Why did you want to go on the study day(s)?
- Do you feel more confident in your ability to cut up most specimens following attendance at the study day(s)?
- Highlight aspects of molecular pathology/cut-up that you have learnt from the study day which you were not aware of prior to the day.
- Are there any aspects of what you have learnt during the Molecular Pathology/Cut-up study day(s) that you would consider incorporating into your own practice or have already incorporated into practice?
- Did the study day(s) meet your expectations?
- Finally, would you recommend it to your colleagues?

If you have any problems, please feel free to contact the BDIAP for direction/assistance. You can reach us by email - education@bdiap.org or membership@bdiap.org.
