

## **BDIAP CONGRESS BURSARY REPORT AND ATTENDANCE AT VIRTUAL IAP/ ESP MEETING**

**Omenogor Alexander ODIGWE**  
**UCH, Ibadan, Nigeria**

I want to use this opportunity to appreciate the BDIAP for the bursary I enjoyed at the virtual IAP/ESP Congress in December 2020 where I was a “Best Poster Award” recipient. I know this was made possible through the generosity of the members of the BDIAP.

I am a Senior Registrar at the Department of Anatomic Pathology, University College Hospital (UCH) Ibadan, Nigeria, and a new fellow of the National Postgraduate Medical College, Nigeria.

I must say the virtual meeting was amazingly fulfilling, though unusual. I had the opportunity to go through many programs and lectures I was interested in, which may not have been possible in a physical meeting. However, I missed the atmosphere of meeting people, making new friends, learning a new culture and food, which physical meetings enable.

I can only believe we will all enjoy future meetings in whatever form they come; physical or virtual. Thank you once again for the opportunity.
