

BDIAP BITESIZE VIRTUAL WORKSHOP SERIES

PROF. MIEKE VAN BOCKSTAL

PAPILLARY LESIONS OF THE BREAST

25th JULY 2024

15.15 - 17.15 BST

The BDIAP Virtual Workshop series is designed to connect trainees and consultants with **world-renowned histopathologists** through interactive educational slide seminars

Professor Mieke Van Bockstal is a histopathologist with subspecialist interest in breast pathology. She conducts research in ductal carcinoma of the breast. She received her medical training and Ph.D. at Ghent University (Ghent, Belgium), and her specialist training at Ghent University Hospital (Ghent, Belgium). She performed a fellowship in breast and gynaeco-pathology at the Erasmus Medical Centre (Rotterdam, The Netherlands).

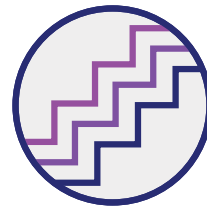

Van Bockstal currently works as a breast pathologist at the Cliniques universitaires Saint-Luc (Brussels, Belgium). She has an appointment as university lecturer at the Université catholique de Louvain (Brussels, Belgium). She is the Belgian Representative of the British Division of the International Academy of Pathology (2023-2025), and she represents the French-speaking part of Belgium in the European Working Group for Breast Screening Pathology. She is the vice-chair of the Belgian Working Group for Breast Pathology, as a part of the Belgian Society of Pathology. She is associate editor of the International Journal of Surgical Pathology.

Interactive case-based discussion centred around digital slides

Contribute your thoughts; ask and answer questions throughout the session

Cases perfectly suited to trainees in histopathology (ST2-5+). Consultants also invited to attend.

REGISTRATION FREE FOR BDIAP MEMBERS

£12 For Non-BDIAP Members (or join the BDIAP today!)
