

BDIAP BITESIZE VIRTUAL WORKSHOP SERIES

## DR ANN SANDISON

SELECTED CASES IN HEAD AND NECK PATHOLOGY

26th JANUARY 2024  
15.00 - 17.00

The BDIAP Virtual Workshop series is designed to connect trainees and consultants with **world-renowned histopathologists** through interactive educational slide seminars

Dr Ann Sandison is a consultant histopathologist with a specialist interest in head and neck pathology. She works in a tertiary referral centre for head and neck cancer based at Guys Hospital in London.

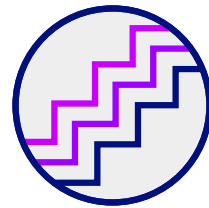

Her diagnostic expertise is recognised in the UK and internationally and she is regularly asked to teach Head and Neck Pathology on courses for the British Royal College of Pathologists, the European Society of Pathology and the International Academy of Pathology. She has contributed to chapters in the current WHO blue book on the Classification of Head and Neck Tumours and she has published papers and written chapters for textbooks on head and neck pathology.

Interactive case-based discussion centred around digital slide sets

Contribute your thoughts; ask and answer questions throughout the session

Cases perfectly suited to trainees in histopathology (ST2-5+). Consultants also invited to attend.
