

BDIAP BITESIZE VIRTUAL WORKSHOP SERIES

PROF DAN BERNEY

TEN TESTICULAR TRAPDOORS

29 JANUARY 2026

15:00 - 17:00 GMT

The BDIAP Virtual Workshop series is designed to connect residents and consultants with **world-renowned histopathologists** through interactive educational slide seminars

Professor Berney is an Honorary Professor of Genito-urinary Pathology. He has lectured throughout the world and is an internationally recognised pathology expert in the three male genito-urinary cancers. He played leading roles in the reclassification of germ cell and testicular tumours and the recent fundamental changes to prostate cancer grading. This work was recognised when he was awarded 'The Gleason Medal'. Professor Berney has led the classification for testicular tumours in 2021/22 as a member of the editorial board of the World Health Organization (WHO). He has published over 286 papers, with an H score of 72 (ie 72 papers cited more than 72 times) and his papers have been cited by other authors over 26,500 times. He is the immediate past Editor in Chief of Histopathology. Co-editor of 5th Ed WHO Book. Professor Berney has been the Chairman of the Association of Uro-Pathologists (BAUP) and Secretary of the International Society of Urological Pathologists.

Interactive case-based discussion centred around digital slides

Contribute your thoughts; ask and answer questions throughout the session

Cases perfectly suited to residents in histopathology (ST2-5+). Consultants also invited to attend.
